

The **HSC Center for Health Policy** has three pillars: research, education and community. These pillars are underpinned by health equity, the translation of research into policy and practical and effective policy implementation.

- The CHP team:**
- Believe health policy and advocacy will create solutions for healthier communities
 - Are committed to high-quality, innovative research and evaluation across multiple disciplines that informs the creation of solutions for healthier communities
 - Are dedicated to ensuring health equity and improved outcomes, with an emphasis on marginalized populations and on serving others first
 - Believe that community outreach and engagement with genuine, sustained relationships are essential to the work we do
 - Value collaboration and the integration of public health, population health, medicine and health policy
 - Support the development and mentorship of the current and future health care and research workforce

Some of Our Programs:

- **National Rural Telementoring Training Center (RTTC):** supporting telementoring as a solution for rural health care access and workforce support

- **Targeted Access Knowledge and Education on HIV (TAKE on HIV):** Integrating the National HIV Curriculum (NHC) e-Learning Platform into health care professions programs
- **Resources, Advice, Insight, Support and Empowerment (RAISE) for Early-Career Women Faculty ECHO:** supporting and mentoring women faculty
- **Powerful Pens Visible Voices Program:** supporting non-academic storytelling, advocacy and visibility
- **Community Health Worker Training Program:** providing evaluation, policy and dissemination expertise to this HRSA funded program at UT Health San Antonio
- **Health Policy Summer Camp:** exposing rural high school students to health policy, public health and consideration of health care careers
- **HIV/HCV Education & Learning for Providers (HELP) Mobile Phone App:** providing management resources at providers' fingertips

- **Translation of Research into Policy Lecture Series:** amplifying speakers who work at the research and policy interface

WARIDIBO ALLISON, MD, PhD, FACP, CPE, FIDSA
Division of Research and Innovation
Vice President of Health Policy
Director, Center for Health Policy

Thank you for your interest in the Center for Health Policy. I invite you to join us and/or follow along with us on this journey.
