MASTER OF HEALTH ADMINISTRATION
2010-2011 CURRICULUM PLAN

Name: _____   Advisor's Name: _____

Student ID: _____   Entering Semester/Year: _____

Student's E-mail: _____   Anticipated Graduation Semester/Year: _____

Students are responsible for reading the catalog, meeting the degree requirements for their concentration, and adhering to the deadlines published in the school's Academic Calendar. Students should consult the SPH Catalog for specific information on the use of transfer credit and how these credits may be applied toward the completion of the MPH degree. Official transcripts for transfer work must be filed with the School of Public Health before courses can be approved. Once complete, students should obtain their Advisor's signature and return this document to the SPH Office of Student & Academic Services. Once the Curriculum Plan has been approved, an electronic copy will be e-mailed to the student.

Once the Curriculum Plan has been submitted, students have the option of substituting "approved elective courses" without further approval from the Academic Advisor or the Office of Student and Academic Services. However, if the student wishes to substitute a core, required, or an elective course not listed in the degree requirements, a "Request for Modifications to Curriculum Plan" form must be completed by the student, submitted to the Academic Advisor for approval, and provided to the Office of Student and Academic Services. It is the responsibility of the student to communicate with his or her advisor at least once during each semester to review the student's academic progress.
