

## Master of Health Administration

### Academic Year 2013-2014

### Program Profile

The Master of Health Administration program is designed to prepare students for effective organizational management based on competencies and evidence based practices needed to become exceptional managers and leaders. The program is also committed to the improvement of health services through health services research and community engagement within complex health-related organizations. The 60 semester credit hour program is designed for aspiring and committed professionals who are interested in careers in health services administration in such settings as hospitals; managed care organizations; medical group practices; ambulatory, long-term care, insurance and pharmaceutical companies; consulting firms; government agencies; for-profit and nonprofit sector organizations. Through an internship, student portfolio and a final integrative experience, students are asked to incorporate, synthesize, and apply their knowledge within both an operational and a community context. The result is an organizational perspective that encourages students to integrate knowledge from a range of management disciplines while emphasizing accountability for effective performance. By the conclusion of the MHA program, students will be able to demonstrate knowledge and skills in:

- *Accountability*
- *Achievement Orientation*
- *Communication Skills*
- *Financial Skills*
- *Impact & Influence*
- *Information Technology Management*
- *Performance Measurement*
- *Process Management & Organizational Design*
- *Project Management*
- *Human Resource Management*
- *Change Leadership*
- *Strategic Orientation*
- *Organizational Awareness*
- *Analytical thinking*
- *Information Seeking*
- *Initiative*
- *Professionalism*
- *Self Confidence*
