

UNTHSC School of Public Health

MPH – Public Health Leadership

(48 credit hours)

The Master of Public Health – Public Health Leadership (48 credit hours) is an interdisciplinary degree that provides education and training for part-time or full-time students who wish to begin a career or complete an MPH degree while employed. Students gain foundational knowledge and skills in public health management, organizational leadership, health policy, program planning and evaluation, and more. Program graduates will contribute to the expansion and enhancement of a competent public health workforce that is needed for advancing the health of the population in Texas and beyond.

MPH – Online (carousel program completed within 6 years)
