

Center for Anatomical Sciences

ANATOMY TRAVEL AWARD PROGRAM

Program Description

The HSC Center for Anatomical Sciences offers a limited number of travel awards to support student travel to academic meetings, conferences, and workshops.

Eligibility Requirements:

To be eligible for an Anatomy Travel Award, you must be a current student in good standing at UNTHSC at the time of travel. The academic conference or workshop must be related to the anatomical sciences, including but not limited to: anatomy education; clinical anatomy; and the morphological sciences, including physical anthropology, comparative anatomy, and evolutionary biology. Your travel award application must be sponsored by a faculty mentor from the Center for Anatomical Sciences. Preference will be given to students who are first time awardees and/or are actively participating in the conference through a podium or poster presentation. Anatomy Travel Awards are limited to one per student per fiscal year¹.

Submission and Deadline

Anatomy Travel Awards will be awarded on a rolling basis. Students are encouraged to apply early to have the best chance of having the travel award funded. Applications can be submitted to Dr. Menegaz via email (rachel.menegaz@unthsc.edu).

Award Administration

Awards of up to \$500 (for MS or non-SBS students) or up to \$650 (for PhD students) will be issued as a reimbursement of eligible expenses after travel has been completed. Acceptable uses for travel grant funds include: airfare/train/bus/car travel, lodging expenses, and conference registration fees. Appropriate receipts will be required.

¹ September 1 through August 31
