Dear Dr. Bowman,

Since the inception of the TPS E-Poster Contest in 2004, the Texas Pediatric Society (TPS), the TX Chapter of the AAP, invites Medical Students, Residents, and Fellows, who are enrolled in a Texas program and are current TPS members, to participate in an electronic poster contest coordinated by the TPS Committee on Medical Education.

It is with great excitement that we inform your program of the winners for the three categories: Single or Multiple Case Presentation, Evidence Based Medicine and Quality Improvement, and Hypothesis-Driven Project (Child Advocacy is encouraged under Evidence Based Medicine and Hypothesis-Driven Project). The winners can be viewed at <https://txpeds.org/2018-e-poster-winners>.

Your support is vital to the continuation of this academic experience so that TPS can continue to offer the opportunity to engage, recognize, and create professional networks for our resident/fellow and medical student members. Because of your support, we received the highest number of submissions in contest history!

The primary authors are invited to accept their award and cash prize which will be presented by the TPS President at the Annual TPS Awards Luncheon. Posters will be displayed on Saturday, September 8, and winners are welcome to be present during this time. Travel expenses are reimbursed up to \$250 for the First-Place winners. We look forward to seeing you there to honor the recipients.

If you are interested in attending the Awards Luncheon to support your program, please visit www.txpeds.org/annual-meeting for registration information.

TPS is honored and proud of the work submitted by your program this year.

For further inquiries or more information on the TPS E-Poster Contest, please contact the TPS Member Services Manager at membership@txpeds.org or (512) 370-1517.

Sincerely,

Dennis A. Conrad

TPS President
